

August 2019

Greetings parents and students,

My name is Kerry Stott. I am excited to be your Kindergarten teacher at Arches Academy this year! I have a BS in Elementary Education and hold a current Utah Educator License. I taught in the Alpine School District for the past decade, and am looking forward to being

able to teach in a smaller class where I can really reach each child and teach in the interactive, hands-on approaches I have missed being able to do in the bigger classrooms I taught in.

As a well rounded educator, I have had the opportunity to teach a diverse group of students including those with learning disability, noncompliant behavior and speech impairments, as well as children who have excelled above grade level. As a result, I have gained an in-depth set of skills that will be very complementary to becoming a part of the Arches Academy team. I am confident that you will find my unwavering commitment to education, excellent organizational skills, solid instructional methods and hands-on experience will be a positive and complementary asset to Arches Academy.

I have been married for 27 years and we have 5 children. Our oldest child is 25 years old and is our only daughter. She has been married for nearly 3 years. We also have four sons ranging in age from 23 years to 13 years old.

We love to travel with our family as often as possible. Just this past June, all eight of us traveled to Ireland together! It was a very memorable trip! As a family, we also love to spend time at Bear Lake near Garden City in Northern Utah each summer. We love to play in the water at Bear Lake and enjoy the great outdoors!

I also like to read a good book, go on daily walks with my husband, and most importantly, I love spending time with my amazing family and wonderful friends!

I'm very excited to get to know each of you on an individual basis. You are welcome to contact me via email at [kerry.stott@archesacademy.com](mailto:kerry.stott@archesacademy.com).

I look forward to this upcoming school year with great enthusiasm! I cannot wait to begin working with all of you Kindergarten students! It will be a fantastic year full of learning, exploration, and growth!!
